

FOURTEENTH AMENDMENT

Touched Upon by Chief Justice Parker Before Bar Association.

Supreme Court Has Never Had Greater Responsibility Placed Upon It Than Properly Construing That Amendment.

Tallahassee, Fla., July 3.—The members of the Georgia State Bar association this morning, listened to an address on "Due Process of Law" by Chief Justice Altin B. Parker, of New York state court of appeals. In conclusion, he referred to the fourteenth amendment as follows:

"More and more every year is due process of law invoked, by reason of its place in the fourteenth amendment, to challenge the action of state government, and the time cannot be predicted, when such efforts will cease."

"It may be safely asserted that the restraining power of the fourteenth amendment as against the states will be exercised far more conservatively by courts of which every citizen is justly proud than it would be were

the exercise of it confined to the other departments of the national government.

"I feel warranted in saying that valuable beyond compare as has been the service of the supreme court of the United States to the people, it has never been charged with a greater responsibility than that placed upon it by the adoption of the fourteenth amendment, a responsibility to the meeting of which its individual members have practically devoted their supreme energies, great abilities and broad scholarship, keeping ever in mind, as appears from the many opinions written, the danger expressed by Mr. Justice Miller of so far extending the fourteenth amendment as to fetter and degrade the state governments.

MEDICAL FRATERNITY GREATLY INTERESTED

In a Reported Cure of Cancer Communicated to Viennese Society of Physicians. Light of Radium Bromide Used.

Vienna, July 3.—Medical authorities here are greatly interested in a report communicated to the Viennese society of physicians and read at a recent meeting of the Imperial Academy of Science, to the effect that a long-standing case of cancer was cured by radium rays at the clinic of the late Professor Gusenbauer. The patient who was 60 years of age, had long suffered from cancer of the palate and lip and had repeatedly been operated upon fruitlessly until the autumn of 1902, when the physicians of the Viennese hospital declared it

was absolutely useless to operate again. One physician determined as a last resort to try radium rays and treated the afflicted parts by exposing them to the light of radium bromide, the strongest radium preparation in existence. He was rewarded by a gradual and complete disappearance of the tumors.

Physicians at the same meeting reported that radium rays had cured a case of melanosis in a tumor containing a black or other dark colored matter and several cases of red moles.

ASSEMBLY AT WINONA

Will Open July 6 With a Meeting of Western Writer's Association.

Warsaw, Ind., July 3.—The ninth session of the Winona assembly will open at Winona, July 6th. The program will be "ushered in" by the annual session of the Western Writers' association. Among the prominent men on the writers' program, are John McGovern, Wm. E. Curtis, Ople Read, Wallace Bruce Amsbury, Leon H. Vincent, all of whom will deliver lectures. The second week of the assembly program will be devoted exclusively to "Travel" and among the lecturers are Rev. Thomas E. Green, Dwight L. Elmendorf, Ernest F. Fenollosa, Miss Jessie L. Newlin, F. B. Robertson.

The third week will be given over to miscellaneous entertainments, while during the fourth a number of high class recitals will be among the entertaining features. The fifth week will be devoted to "living questions" and problems of the day. The

assembly program will close with the "musical week." A number of meetings of national importance will be held at Winona, from August 3 to 8, among them the Northwestern Purify association, Anti-Saloon League of America, International Sunday School Association, Woman's Christian Temperance Union, National Teachers' Conference, National convention of Trade and Technical Institute Instructors, and the general committee of Federal Union of the Presbyterian Church of America.

The National Winona Bible Conference, which has attracted world wide interest, will hold its annual session August 16 to 22, under the direction of its founder, Dr. J. Wilbur Chapman, and noted ministers from Europe, Canada and this country, will participate in the discussions. Improvements to the amount of a half million dollars have been made on the grounds since last year.

WAGE SCALE ALL SIGNED

And Plants Reported in Full Operation. Complete List of Concerns Interested.

Pittsburg, July 3.—The annual wage scales of the Amalgamated association of iron and steel and tin workers went into effect yesterday, and all the plants are reported in full operation. Some will close this week

for repairs but the work will be done as speedily as possible, as all are crowded with orders. The signed scales received at headquarters in today's mail completes the list of the union mills and are as follows:

Emlyn Iron works, East Chicago; Eagle Horseshoe company, south Milwaukee, Wis.; Muskingum Steel company, Zanesville, O.; Carnahan, Tia Plate company, Canton, O.; Republican Iron works, South Side; A. M. Byers & Co., South Side; Taylor Tube Co., Washington, Pa.; Zanesville Iron Co., Zanesville, O., and the Miles Iron and Steel Co., Miles, O.

NO RENEWAL OF SUBSIDIES

For Merchant Ships Which May Be Used in Time of War.

London, July 3.—During the discussion of the navy estimates in the House of Commons, Mr. Arnold Foster, secretary of the admiralty, announced that the admiralty did not intend to renew the existing subsidies for merchant ships which may be used in time of war and that notice would be given April 1, next that the contracts would terminate a year from that date. Many ships of the International Mercantile Marine company will be affected by this decision.

PALACE AUTHORITIES WILL PREVENT DISORDERS.

Constantinople, July 3.—The palace authorities have telegraphed to the governor of Salonica to take the most stringent precautions to prevent a recurrence of disorders there and to keep the populace in check, in case the governor finds it necessary to suppress any revolutionary movement.

ALL DETAILS AGREED UPON

For Refinancing Debentures of the Erie R. R.—Will Be Made Public July 15th.

Philadelphia, July 3.—The committee of Lehigh Valley Railroad company directors appointed to prepare a plan for financing the company met yesterday, the session lasting several hours. President Thomas declined to give any information as to the character of the new bond it is proposed to issue. He said, however, that all details had practically been agreed upon by the committee and that the plan would doubtless be in shape for submission to the board of July 15.

SAILED FOR ENGLAND.

Kallundborg, Denmark, July 3.—The oldest Swedish European squadron, sailed today for Portsmouth, England.

SHOE MERCHANT DEAD.

Cleveland, O., July 3.—E. L. Dodd, the oldest shoe merchant in the city, and probably in the state, died early today of pneumonia, aged 85 years. He was in business here for more than fifty years.

SEVERAL FATALITIES HAVE OCCURRED THROUGH FLOODS.

Bucharest, Roumania, July 3.—Rains have overflowed the Pruth Sereth and other rivers in Moldavia. Several fatalities have occurred and thousands of acres of wheat and maize have been destroyed.

FATALITY NUMBER ONE.

Seven Year Old Boy Died From Blood Poisoning Caused by a Toy Pistol.

Cleveland, O., July 3.—The first of the fatalities usually incident to the Fourth of July occurred today to a seven year old boy, living at No. 1770 St. Clair street, who died from blood poisoning, caused by a burn received from a percussion cap in a toy pistol.

D. & H. RESIGNATION.

Philadelphia, July 3.—It was announced today at the office of the Philadelphia and Reading Co., that H. T. Young, second vice president and general manager of the Delaware and Hudson Railroad, has resigned. The duties of this office will be temporarily performed by Abel I. Culvert, 3rd vice president, whose office is at Albany, N. Y.

Announcement was also made that the Saranac Lake Placid and Chataway road today became part of the Champlain division.

MONTHLY COTTON REPORT.

Washington, July 3.—The monthly cotton report of the agricultural department shows cotton to be 77, compared with 74.1, May 26, 1902; 84.7, on June 26, 1902.

PHILADELPHIA ALLOWS CHICAGO TO PASS HER.

Philadelphia, July 3.—One death from heat and three prostrations occurred here before 8 o'clock this morning. John Conroy was stricken while at work and died at a hospital. The temperature at 8 o'clock was 81 one degree higher than at the same hour yesterday. The humidity registered 55 per cent.

MINISTER HAS ARRIVED.

Port Arthur, Liao Tung Peninsula, July 3.—M. Pavloff, the Russian minister to Corea arrived here and is awaiting the arrival of M. Lessar, the Russian minister to China.

STREET CAR COLLISION

Injured Fifteen Persons. Motor man Is Not Expected to Live.

St. Louis, July 3.—Fifteen persons were injured this morning in a collision between two street cars, at the intersection of Olive street and Jefferson avenue. A G. Killu, motorman on the Olive street car, is not expected to recover. The impact was so violent that the Olive street car was buried over on its side, and all the passengers piled in a heap. All the injured were taken in ambulances to their homes or to the city hospital.

COAL PROPERTY SOLD.

Huntington, W. Va., July 3.—The Kanawha Gas and Coal Co., has sold all of its holdings on the north side of Kanawha river, to state capitalists, for \$175,000.

BIG FALL OF HAIL IN CENTER OF PORTO RICO.

San Juan, Porto Rico, July 3.—The weather bureau reports a fall of hail at Lares, in the center of Porto Rico, sufficiently heavy to damage the crops. A fall of hail is an extremely rare occurrence here. The natives were frightened and prayed for protection from harm.

TRAGIC WERE THE LAST DAYS

Of Sailor, Who Was Left Behind as Watchman on Wrecked Schooner.

San Francisco, July 3.—The fate of Wm. Ode who was left behind as watchman on the wreck of the schooner Courtney Ford, which ran ashore on Izenbeck, Alaska, on Sept. 20, 1902, is told with dramatic realism in the log kept by the unfortunate man, which has just reached here. It was found beside his dead body by Revenue Cutter officers, and covers a period of four months from October 4, 1902 down to the following February, when in pencil faintly traced on the entries of February 3rd and 4th are the words "Death at last."

Four months alone. He has set down the happenings of that quarter, giving a complete calendar of events, all leading to one end.

The passing of Wm. Ode, sailor, when the Courtney Ford was wrecked the captain and surviving members of the crew were picked up and landed at Seale, leaving Ode behind until relief was sent to him. This only happened a few days ago when the schooner Carrie and Annie with wrecking apparatus on board left for Izenbeck, too late, however to be of service to the sailor who had watched in vain for relief.

MORGAN & CO., TELL ABOUT

Terms Under Which Hocking Valley R. R. Has Passed to New Hands.

New York, July 3.—J. P. Morgan & Company, made formal announcement today that they had sold the common stock of the Hocking Valley railway deposited with them under a syndicate agreement dated December 4, 1902, at the price of \$105 per share. It is understood that the control of the Hocking Valley is thus transferred to the Pennsylvania and the Lake Shore. The official announcement is as follows:

To the holders of our certificates of deposits for Hocking Valley Railway Company stock:

"Referring to the syndicate agreement, dated Dec. 4, 1902, we beg to advise you that pursuant to the authority therein contained and with the approval of Messrs. Thomas F. Ryan,

ENGINEER OF DISTINCTION

Is Dead. Had Been Member of Isthmian Canal Commission Since 1898.

New York, July 3.—George Shattuck Morrison, a member of the Isthmian Canal Commission and one of the foremost civil engineers in America, died in this city yesterday. He was confined to his bed for about six weeks. Mr. Morrison gained his reputation as a bridge engineer from the five bridges across the Mississippi ten across the Missouri and many others whose construction he supervised. Probably his greatest work as a bridge engineer was the bridge over the Mississippi at Memphis, Tenn., which has a single truss span of 790 feet. He was appointed a member of the Isthmian Canal Commission by President McKinley in 1898.

GRAND JURY HAS REFUSED

To Vote Indictments Against Directors and Board of Trade Operators.

Chicago, July 3.—The grand jury today refused to vote indictments against the directors and leading members of the board of trade, who were recently charged with permitting the operations of bucket shops on the board. One witness was heard.

WILLIAM WANTS REPORT.

Berlin, July 3.—Emperor William has summoned Baron Van Rheinecken, the Prussian minister of finance to Travemunde, on the Baltic coast, to report on the latter's recent tour of the United States.

CREDITORS OF ARNOLD

Will Get Two and One-half Percent of a Cash Dividend.

Receiver Has Been Made Trustee. He Reports Having Found Assets Amounting to \$75,000 and Indebtedness of \$3,250,000.

St. Louis, July 3.—At a meeting of creditors of the E. J. Arnold investment concern, Solomon L. Swartz was chosen a trustee under the provisions of the bankruptcy law. Mr. Swartz has been receiver of the assets of the defunct concern, having been appointed by the court to take charge of effects until a trustee should be elected. His duties as receiver will end as soon as he qualifies as trustee.

Mr. Swartz announced that assets so far as found, consisted of about \$60,000 in cash, and a farm valued at \$15,000.

The claims filed against the estate thus far amount to about \$3,250,000, and Mr. Swartz expects to pay 2 or 2½ per cent of the indebtedness.

The creditors number more than 12,000, and reside in nearly every state and territory in the United States.

SIGNAL CORPS WILL ERECT STATIONS

Without Depending on Contractors---Submarine Cable Will Connect Alaska System With Puget Sound---First at Davis.

Tacoma, Wash., July 3.—Without depending on contractors, the United States signal corps will itself erect and equip government wireless stations in Alaska. The first station will be constructed at Fort Davis, Nome, comprising one mast and quarters for three telegraphers. The next post will be at Safety Harbor, 20 miles south of Nome, where two masts and quarters for four men will be installed.

Another wireless post will be placed at St. Michael's. Wireless stations to be established in Ontario will comprise masts and buildings, at Fort Gibbons and Bates Rapids, connecting a land line from St. Michael's with Fort Egbert, and also with a line through Copper River valley to Valdez, where a submarine cable will connect the Alaskan system with Puget Sound.

TWENTY-ONE UNCONSCIOUS

Rescued by Firemen From Blazing Four Story Building in Jersey City.

New York, July 3.—Twenty-one persons unconscious from smoke, were rescued by firemen from a blazing four story frame building, in Newark avenue, Jersey City, at daybreak. The blaze was so hot that the firemen could not work fast enough with

their ladders, and several of the rescued, were tossed safely into the life-net. Two of the victims are in the hospital, suffering from burns and the inhalation of smoke. The fire, which the police say, was of incendiary origin, caused only a small money loss.

HEFFERNAN MURDER STRANGELY REVIVED.

Truckman Attempted Suicide Near Spot Where Killing Occurred---There Was Much Mystery About the Affair at First.

New York, July 3.—A man who jumped into the Hudson river from the private dock in front of Ardsley club, near where John Heffernan was murdered was identified today as a truckman employed by a resident of Ardsley. He was rescued and taken to a hospital where it was said he

would recover. At first it was believed the man might have had some connection with the Heffernan case which is still a mystery but his identification and the fact that he was intoxicated when he jumped into the river showed that it was unlikely he knew anything of that case.

PAYNE IS IN NEW YORK

Holding Levees With Prominent Politicians From the Southwest.

New York, July 3.—Postmaster General Payne, who is in this city, was visited again today by Senator Kearns of Utah. Concerning his call on Mr. Payne, last evening, Mr. Kearns said: "I saw Mr. Payne for a few moments only, last night, but our conversation was general, and no reference was made to the postoffice scandal, nor was the name of Perry

mentioned." Senator Kearns added that he did not own the Salt Lake City newspaper in which Mr. Heath is interested, but that he was a stockholder, like the former Assistant Postmaster General.

Besides Senator Kearns, Mr. Ryan saw among the earliest of his visitors today, Richard C. Kerant of Louisiana, and Dr. J. Keith of Salt Lake Tribune.

PHYSICIANS ARE UNABLE

To Tell Whether Postmaster Is Suffering From Heat or a Drug.

St. Louis, July 3.—Charles Alger, postmaster at Hannibal, Mo., lies at the residence of his brother, Senator Alger, in a semi-conscious condition and physicians are unable to determine whether he is suffering from the effects of heat or from a drug administered by revengeful enemies. It is said that Mr. Alger has been instrumental in suppressing the work so-called "Greengoods" men who have operated in Missouri of late, and it is feared his condition is the result of drugs they may have secretly administered to him. It is believed Mr. Alger came in contact with a representative of the green goods men in Cleveland. At a hotel in that city it is said he was robbed of his pocket-book and a considerable sum of money. Later, while paying his bill at the cashier's desk, he was taken ill, and when he reached Detroit was partially unconscious.

CZAR ALONE CAN DECIDE

Whether Petition Will Be Received. Russia Wants Harmony.

St. Petersburg, July 3.—President Roosevelt's decision to forward to the Russian government the petition in behalf of the Russian Jews, is not published here. The foreign office has made the following statement: "The czar alone can decide whether the petition will be received, but Alexander III. would never have received such a petition. The petition from the Guildhall meeting, called by Lord mayor, of London, in 1881, was returned through the foreign office, as being inconvenient. The foreign office hopes the Americans will not invite such a slight. They would resent an anti-lynching petition. The foreign office has no special interest in the question except a desire that international relations remain unharmed since the matter is purely domestic and belongs to another ministerial department."

KEROSENE OIL BACK NUMBER

When It Comes to Exterminating Mosquitoes. Music Is the Real Thing.

Boston, July 3.—The Brooklyn Board of Health, which is systematically exterminating mosquitoes, by means of kerosene oil, is now about to take up a suggestion, calling the attention to a new process for lessening the evil by means of music sounds. The discoverer of the new process, says:

"It has been found that practical application has been effected by raising to a great number of vibrations per second, the particular note to which the mosquito is most sensitive. This intensified note produced by sudden electrical impulse upon a musical instrument, causes

"KEEP YOUR MOUTH SHUT"

People Who Say Little and Do Little "Get There" Offense.

"Help me to catch him, mister," said the small boy as he dashed by a passing pursuit of his juvenile enemy.

"Keep your mouth shut, and you'll catch him," advised the man, and the boy understood in an instant and ran on, easily running down the street and ran up with a stitch in his side.

There is a great deal in keeping your mouth shut. There are more people in the world who never open a mouth without putting a foot in it than you have any idea of. You may be a fool, but if you keep your mouth shut who's to know it? Generally you get there, after getting there or have got there by the way their lower jaw hangs. You may occasionally meet a wise man wandering around with his mouth open, but not as a usual thing.

It's what people say and drink chiefly that cause them to appear before the police magistrate. If they had kept their mouths shut, they would not have said it or drunk it. More foolish fish are caught with hooks in the mouth than through the tail. The fellow who goes around with his mouth open may catch a few flies in the aperture, but he isn't likely to catch anything very valuable that way. It's the fellow who sets his teeth and consequently shuts his mouth who gets there.—Toronto Star.

The Cipher.

It has not been definitely established that zero was in use any earlier than 400 A. D. About this time it was used in India, and several centuries later the Arabs began to employ it. Through the Arabs its use became known to Europeans during the twelfth century. It was not generally adopted in Europe until several centuries later, notwithstanding its great advantages. For a considerable time there were two parties among the European educators. One party, known as the algorists, favored the adoption of the Hindu system of notation (falsely called Arabic, with its position values, while the other, known as the abacists, favored the Roman notation, without zero or position value.

The general adoption of the Hindu system was greatly facilitated by the fact that it was explained in most of the calendars for more than a century, beginning with 1300, and that the medieval universities frequently offered courses devoted to the use of this notation.—G. A. Miller in Science.

The Artist and the Woman.

Every actress is sensitively alive to the pleasure of a warm reception—that being the technical term for the applause with which the audience greets the first appearance of an artist before any word has been spoken. Generally speaking, it signifies a courteous greeting corresponding to a lifted hat and pleasant salutation. But on occasions when the actress is a special favorite the reception, enthusiastic and long continued, becomes a demonstration which is inartistic and destructive of the illusion of the play, since it drags the actress out of her part and in her bowing, curtsying and smiling she becomes Miss Jones or Miss Morris returning thanks to the public. A woman would not be human who did not enjoy to the last drop of her blood just such a greeting, even though her artistic sense condemned it.—McClure's.

Animals Are Sensitive.

"The fact that a horse is sensitive to ridicule," said a student of the biological department of the University of Pennsylvania, "may easily be demonstrated. Take, for instance, the case of a horse that is eating out of a nosebag. If you stand in front of such a horse, attract his attention, and then, with loud laughter, mock his way of feeding, he will stop, with a look of embarrassment and shame, and he will not resume his meal until you are gone away."

The Human Body.

A pupil in a village school who had been requested to write an essay on the human body banded in the following: "The human body consists of the head, thorax, abdomen and legs. The head contains the brains, in case there are any. The thorax contains the heart and lungs; also the liver and lights. The abdomen contains the bowels, of which there are five—a, e, i, o, u, and sometimes w and y. The legs extend from the abdomen to the floor and have hinges at the top and middle to enable a fellow to sit when standing or to stand when sitting."

Worth More.

TRACK NOTES BY SHERWOOD.

Who Saw Many Promising Trotters at Lima Stock Farm and Elsewhere.

A representative of the American Sportsman, who recently visited Lima, and looked over its stock and racing interests, contributed the following to his valuable journal:

"J. C. Linneman, of the Lima Stock Farm, has a number of high bred and very promising youngsters in training, all by Norval 2:14 1/2. Superintendent Ed. Roths will have several ready to race later in the season. Last season, Mr. Linneman sold a number of his youngsters at auction, and the farm did not enter the race field. Notwithstanding that, there were seventeen of the get of Norval, that raced into the standard list, and fifteen of this number took their records in 1922, including Annie Leyburn 2:10 1/2 and Ted 2:15 1/4. Norval will doubtless do better this season than in 1922, as there are at least twenty of his colts and fillies now in sight, that are capable of records below the standard. Mr. Linneman recently sold a green mare by Norval, to a gentleman in Marietta, O., that should take a low record this season, as she showed 2:17 1/4 on the half mile farm ring before she was shipped."

Ed. Roths, is now working twenty green ones, all trotters, and all by Norval. Five of this number will be raced. These are 4 year olds, the balance are two and three year olds, and will be saved for next season. All these colts are unnamed. First, a brown mare by Norval, dam Cathedral by Gov. Wilkes; this filly has already shown 2:20 speed. A bay mare by Norval, dam by Onward, has shown a 1:4 in 35 seconds. A bay gelding by Norval, dam by Bonnie McGregor, is a sure 2:20 trotter. A bay gelding by Norval, dam by Alecyone, is another very promising trotter. A bay gelding by Norval, dam by Wilkes Boy, is working miles around 2:30, now with very little work. Probably more of the Lima Farm colts and fillies will start in races before September.

There are several very choice 2-year-old stallion colts at the farm, that are not only grand individuals, but are ultra fashionably bred. One particularly attractive and promising, is by Norval, first dam by Baron Wilkes and second dam by Strathmore. Another by Norval, dam by Alecyone, second dam by Electioneer, third dam by Electioneer, has a remarkable inheritance of the best trotting blood. Mr. Linneman has shipped five of his Norval mares to be bred to McKinney. The Lima farm has none but the very best brood mares, and while Norval is the best bred, and best individual son of Electioneer, it is proposed also to make him the greatest producing son.

The improvements of the Lima track and grounds, are now going forward rapidly. The frame of the new steel grand stand is now up, also of the new stables. The track widening and improvements are complete. It is a busy spot now. Tom Dellinger is working a strong stable here, but I did not get his complete list. Dr. Smeal is working six or eight, including Irene M. 2:25 1/4, by Norval. Ben Sission has four or five, all green ones.

Geo. W. Curtis has quite a number in charge of Reinsman Hinkston, including Boy Norval 2:26 1/4, by Norval; Nancy Sykes (p) 2:24 1/4, Charles F., a good green pacer, and the bay trotter Onway 2:22 1/4, by Onward.

Alex. Carson has Fred Wilkes (p) 2:24 1/4, by Bourbon Wilkes; Elizabeth Mack, a good green pacer, that has been a mile in 2:20, and four or five others without records.

Harvey Miller, has Bessie Sly 2:19 1/4, by Alfonso, and she is going good. He is also working a green mare by Onward.

Blondie Hayes is out in the Northeast Ohio Circuit with Tom Sullivan's black gelding Cervantes 2:25 1/4.

John Henry Walmer 2:14 1/4, will not be raced until late in the season.

SSS FOR THE BLOOD
The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the Blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alternative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetters, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give you case prompt attention without charge.

Are Ready for the Fourth

In South Lima

Many Visitors in and Out of Town.

Ray Shrider, of St. Johns Avenue, Taken to the City Hospital.

A Slight Explosion and a Runaway. Large Party Goes to the Reservoir. Personal Mention.

Ray Shrider the young son of Mr. and Mrs. G. J. Shrider, of 820 St. Johns avenue, who has been suffering some time from appendicitis was taken to the hospital this morning for an operation which will be performed sometime tomorrow.

Church Repairs.
There has been a misunderstanding regarding the repairs that are going on at the south Lima Baptist church. The repairs will not be finished until next week but there will be services as usual on Sunday.

Stop Him!
There was considerable excitement on St. Johns avenue yesterday when a wagon belonging to the Niagara laundry came rattling down the street in the heels of a badly frightened horse. The horse was running north on St. Johns avenue and as he turned west on the street a very pale face appeared through the dust and a voice shouted "stop him! stop him!" A crowd of people gathered and the frightened animal soon decided that it was better to stop than to come to a halt and so it did as ordered.

A Misunderstanding.
There appears to be some confusion regarding the ball game to be played at the Gradersville tomorrow morning. The game will be played at Sandusky and not at the Gradersville as has been reported.

Base Ball.
The Pirates have a game at Columbus Sunday.

Base Ball.
The Pirates have a game at Columbus Sunday.

Better Equipment.
The Erie and Western has better service during the past week than any other line in the division.

A Narrow Escape.
A car of Broadway narrowly escaped a serious accident a day or two ago. The gas mixer was leaking and had hit the stove with gas. When she lighted a fire the stove came down and pots and pans flew in all directions.

Coming!
The furniture for the south Lima office building has been ordered from a Michigan firm and will be here in the course of the next three weeks.

NOW that the heat of summer is here thousands are realizing how low their ambition, vitality and resistive force has become.

They are easily exhausted, heat seems unusually oppressive, feel draggy—all fagged out. They feel the need of a tonic that will build them up from the very foundation; give them strength, life, activity.

Hagee's Cordial of Cod Liver Oil (with Hypophosphorus) is an ideal summer tonic, a builder—revitalizer—reconstructive that physicians of all schools prescribe for these conditions. Pleasant to take. Contains all the active properties of cod liver oil without the grease.

Glen Reese, left today at noon, for Columbus Grove, to spend the Fourth with friends, there.

Frank Hagerman, of east Kibby street, who has been on the sick list, for the past week, is reported to be better.

L. H. Beall and wife, of 923 St. Johns avenue, left this morning for Montpelier, Ind., where they will be the guests of Mr. and Mrs. George Shade, until Monday.

The three year old son of Mr. and Mrs. Thomas Burke, of south Main street, was taken ill, very suddenly, night before last. The attack was caused, supposedly, by something that the child had eaten.

L. T. Watkins, of Huntington, Ind., was around town, yesterday, shaking hands with old friends.

Arle Richardson of Newark, Ohio, is here spending the Fourth with friends.

Jake Huffman and Homer Bishop will take their families to the Lewis town reservoir, to spend the Fourth catching whales and seaweed.

Sam Reis and James Hall with their families will spend the Fourth fishing at Lewistown.

Maxwell Brothers are trying to dispel the heat with some new electric fans.

Jack Johnson has resigned his position at Maxwell Brothers' hotel and restaurant and will spend the next week or two with friends in Cleveland. Jack expects to spend some of his time playing ball with the Mulberry nine with which he used to play. He will also meet the "Americans" when they play at Sandusky and will play with them there.

John Emory has accepted the position vacated by Jack Johnson and hereafter will officiate as night clerk at Maxwell Brothers restaurant.

Miss Florence South of 316 south Jackson street is visiting friends and relatives, in Gradersville.

Ira B. Post of Spencerville, who won the American handicap at the big gun shoot held at Cincinnati last year will take part in the meet on the south side tomorrow.

August Reiff and family of 1015 Rice avenue has gone to Springfield to celebrate the Fourth with friends there.

Adam Loy and wife of Hartford, Indiana are the guests of her mother, Mrs. Rachel Mullinger, of St. Johns avenue.

John Epke has assumed his duties as night clerk at Maxwell Brothers. He has the position made vacant by the resignation of Jack Johnson.

Mr. and Mrs. Isaac Williams, corner of Kibby and Central avenue are spending the holidays with relatives in Kenton.

Mrs. E. F. Harris and daughter Hazel of Carroll Michigan are visiting her parents, Mr. and Mrs. B. G. DeVoe of south Elm street.

The boys at the south side fire department have tightened their belts and announce themselves ready for business tomorrow.

LOCKJAW IN CARTRIDGES.

Effort Made to Lessen Sales, So as To Prevent Deaths Among Children.

New York July 3.—The bacteriologist of the Newark, N. J. board of health has announced the discovery of tetanus germs in blank cartridges. Heretofore, it was generally believed that the many cases of lockjaw following Fourth of July accidents, was due to dirt on the hands of the victim at the time they received their wounds. It was not suspected that the fatal germs were in the cartridges. Several different makes were used in the tests. Efforts will be made to check the sales of blanks today and tomorrow in the hope of lessening the usual number of deaths among children from lockjaw.

PORTE DENIED THE ALLEGATION.

Constantinople July 3.—The Porte denies the Bulgarian allegations regarding the concentration of Turkish troops at strategic points on the frontier near Kustendil and Djumah Bala. It is pointed out that the reports probably were due to the continuous movements of troops in consequence of the renewed activity of the revolutionists in the Turk Bulgarian frontier districts.

DEATH FOUND HIM IN THE PRIESTHOOD.

Rome, July 3.—Count Paolo Campello is dead. The deceased was at one time Canon of St. Peter's, but he abandoned Catholicism, and preached in violent language against the Vatican in Italy, England and America. He recently recanted, did penance, and was restored to the priesthood.

TANK

Derailed by Broken Flange.

A Gravel Train

Causes Delay of Traffic at Fremont.

Prompt Work of Engineer Martin Prevented Serious Wreck.

Main Track Was Blocked and Passenger Train Was Detoured. Accident on the Western Ohio.

One of the gravel runs on the L. E. & W. was wrecked on the island at Fremont yesterday, causing considerable delay to traffic. No serious damage was done but the main track was blocked at the island for over two hours and passenger train No. 1 was detoured around the scene of the accident, via Toledo.

The gravel train was composed of 19 cars and the engine was in charge of engineer Eugene Martin. They were pulling across the high embankment on which the track crosses the island when a broken flange on the forward trucks of the tank caused the tank to leave the track. Engineer Martin threw the air lever into the emergency notch and brought the train to a stop in time to save part of it from rolling down the embankment.

G. A. R. Staff Route.

J. Cery Wilson, of the Cincinnati Hamilton and Dayton who is chief of staff of the national commander of the G. A. R. has selected the route for the staff members from this territory to San Francisco, the encampment city, in August. The special train will leave Lima, on Monday, August 10, going to Chicago via Hamilton, over the Cincinnati, Hamilton and Dayton, and the Monon routes, and taking on the cars which contain the Cincinnati delegates, at Hamilton. The train occupied by the department of the W. R. C. of Ohio will follow the Toledo and Erie route to Chicago. Thence the route will be over the Santa Fe to Denver, thence via the Denver and Rio Grande and the Rio Grande Western to Ogden and over the Southern Pacific to San Francisco. — Wayne Sentinel.

Struck by Lightning.

Traffic was delayed on the Western Ohio for some time last evening on account of the high tension wire at Moulton being struck by lightning.

Morse Resigned.

New Orleans, July 3.—S. F. B. Morse, assistant passenger traffic manager of the Southern Pacific Railway, with headquarters at Houston, Texas, has tendered his resignation to

HEAVY RAINS IN SOUTHWEST

Caused Great Apprehension in a Few Texas Towns Early This Morning.

Santa Fe Train Was Ditched by High Water, and Several Trainmen Are Reported Missing. Situation Is Improving.

Gainesville, Texas, July 3.—At 3 a m. At this hour, this city is under 4 feet of water. Thousands of people have taken refuge on house tops. Rumors of loss of life are impossible to confirm. The city is in darkness. The damage will be heavy. Two creeks which flow by the town, one of them passing through its center, and the other on the west side are each a mile wide. The water is rising rapidly.

Situation Growing Desperate.

Gainesville, Tex., July 3.—At 3:30 a m. the flood situation is growing desperate. The water is rising very rapidly and the reports are that a still greater flood is coming down from the direction of St. Joe. The cries of terrified people are heard in every direction. All around the depot and along the main street of the town the water is so deep that even horses are compelled to swim. It is reported that a Santa Fe passenger train has been ditched three miles out, on account of washed out tracks, and it is feared many lives have been lost. A relief train has been sent out.

Storm Situation

Throughout the State is improving as the Day Grows.

Dallas, Texas, July 3.—The storm situation over Texas, is still serious, but not so bad as yesterday, and last night. The food at Gainesville and vicinity, that started in a series of cloud bursts, in the Red and Trinity river valleys, has subsided beyond the danger point. A number of houses in the vicinity of Gainesville, were wrecked, but all the occupants were

rescued by firemen, policemen and citizens without the loss of a life.

A report has just reached Dallas that a passenger train on the Gulf, Colorado and Santa Fe road, between Gainesville and Valley View, was turned over from the tracks into a body of water. It is not known whether the passengers have been rescued.

The loss generally over the state to railroad and other property damaged, will be very heavy. Nothing new of conditions in southwest Texas, has been received today, but it is known a dozen or more lives were lost there yesterday.

REPORTED MISSING

Are Engineer, Fireman and Express Messenger on Wrecked Train.

Dallas, Tex., July 3.—At 3:30 a. m. a telephone message from Gainesville says that the engineer, fireman and express messenger on the wrecked Santa Fe train, are reported missing. So far no deaths are reported at Gainesville.

Late Reports Better.

Dallas, Texas, July 3.—The flood situation at Gainesville is greatly improved this morning. The rain has stopped and the waters are rapidly receding. There is no loss of life reported from Gainesville, and the property damage is confined to small stores, outhouses, and truck gardens. Specials from the southwestern portion of the state indicate that yesterday's storm was most severe. Probably 15 Mexican farm hands, lost their lives, and the damage to farming interests, railroads and county roads and bridges, will be heavy.

COUNT BONI MUST PAY UP,

Sixteen Thousand Dollars He Borrowed to Pay Some Trifling Honor Debts.

Paris, July 3.—The first civil tribunal today, heard the arguments in the suit brought against Count Boni de Castellaine, by a holder of bills to the amount of \$16,000 drawn by Count Boni to the order of Marquis de Dion. The letter had previously explained to the court, that he lent Count Boni \$30,000 to meet debts of honor, and received the bills in exchange. The claim was for a portion of these bills which is outstanding.

Count Boni contended that a technical irregularity in drawing them up invalidated the bills. The tribunal adjudged that Count Boni and the Marquis de Dion, must conjointly pay the \$16,000.

THE KOUNTZ CASE WILL SOON BE OVER.

Pittsburg, July 3.—The case of Dr. Walter P. Kountz, charged with the murder of contractor John E. Walsh, will go to the jury this afternoon, and a verdict is expected before court adjourns for the day.

This morning, was taken up with rebuttal evidence on the part of the commonwealth, and the address of counsel.

SKELTON **9 FEET HIGH**

Found in Fish Creek Country by Exploring Party From Princeton.

St. Paul, Minn., July 3.—A special from Big Timber, Mont., says Wonderful discoveries of fossils and bones of prehistoric men and animals are being made in the Fish Creek country by Prof. M. S. Farr and a party of students from Princeton university.

In the remains of a city belonging to the stone age Prof. Farr found the bones of animals of immense size, and various crude instruments, many of them ornamented with gems. Near the creek was found, almost complete, the skeleton of a man, nine feet high and another skeleton, somewhat smaller was found near by, probably being that of a woman. Bones believed to have belonged to a dog the size of a horse were also discovered.

CHASE FOR RODENT BROUGHT PROOF

Of an Elaborate System to Rob the Mails of Registered Letters—Three Employees of Transit Co. Under Arrest.

Philadelphia, July 3.—Bertram and Alexander Laycock, brothers, and Charles Fournier, employees of the Pneumatic Transit Co., are under arrest here charged with conspiracy to embezzle and open and destroy letters in the United States Mail. Bertram Laycock who was stationed at Broad street end of the pneumatic station, was first arrested and given a hearing. He confessed and implicated his brother Alexander and Fournier, who were stationed in the central postoffice. They will be given a hearing today. Postal inspectors say the men confessed to having taken special delivery letters from the carriers of the pneumatic tubes, among them, being letters to A. J. Cassatt, president of

the Pennsylvania R. R.; John Wanamaker and the Trust Company of North America. The arrests were the outcome of a chase after a rat. A rat ran across Filbert street toward the arches of the elevated tracks of the Pennsylvania R. R. T. J. McCarthy, a telephone lineman gave chase. Seeing a large hole, he thrust in a stick. No rat appeared but when the stick was pulled out it brought with it two letters.

McCarthy saw that they were registered and addressed to A. J. Cassatt and William J. Thompson. Again inserting the stick the man brought forth three more letters all registered. McCarthy notified the chief of postal inspectors and the arrests followed.

A Gait Which Pleased the Editor.

A Model Held Up to the Gaze of the "Other Boys" of Smithville.

The following notice, concerning one of Lima's well known citizens will be read with interest by his many friends.

"We have had with us for the past two days, one of Smithville's illustrious sons, Dr. J. H. Blattenberg, of Lima O. We take a great deal of interest in our boys who have gone from our humble hearthstone and faced the cold world with the pluck which has characterized the doctor, and to see him turn up, looking as spry and span as a silver dollar, just out of the mint brings the flush of pride to every citizen of the community. We have kept track of the doctor, and have repeatedly had to note in our columns his rapid rise in the world—a fight which has the wings to keep him above the crowd."

RECOVERED HIS SIGHT

In Miraculous Way. Horseman Able to See After Years of Blindness.

Binghamton, July 3.—After being blind for several years, Joseph Brink, a wealthy resident of Elmira, has suddenly recovered his sight while waiting for a train in this city. Brink has consulted many specialists but without success. He came here with trotting horses which he owns and was about to return home when the train pulled in his sight returned. He was overjoyed and declared his eyes were as strong as ever.

"THE OLD SCRATCH."

How the Evil One Came to be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time, not only disagreeable but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively, use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Herpicide is also a very delightful and effective hair-dressing. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Wm. M. Melville, special agent.

MERCURY STOOD HIGHER

In Cleveland This Morning Than at Any Time This Season.

Cleveland, July 3.—After a night of stifling heat, the government thermometer at the local weather bureau registered 79 at 8 o'clock this morning which breaks the temperature record for thus far this season. An hour later, the mercury had mounted another degree in its upward march, and promises to reach a much higher point before the day is over.

Thunderstorms are predicted throughout the state for tomorrow, which will likely result in slightly cooler weather.

REST

For a Faithful

Is the Reward

At the Close of the Life
of Patrick O'Neill.

Old Employee of the C. H. &
D. Died Today After an
Illness of Two Years.

He Leaves a Loving Family to
Mourn a Loss Which Time Can-
not Efface—Funeral An-
nouncement Later.

Death relieved the sufferings today at 11:45 o'clock, of Patrick O'Neill, of 444 North Elizabeth street. The deceased had been ill for the past two years, suffering from kidney trouble, but was able to be around most of the time up until about two months ago, when he grew worse. Since then, he has been confined to his home. He was employed in the C. H. & D. shops for thirty years, and was foreman of the boiler shop, for sixteen years, holding that responsible position until the beginning of his illness, when he was succeeded by E. E. Aires, the present foreman.

He was an expert mechanic, and was always popular with his employ-ers, as well as with those under him. He was born in County Carlow, Ire-land, May 11, 1852, and came to this city with his parents, in his boyhood. His wife, who, prior to her marriage with him, was Miss Margaret Calla-han, died nine years ago. His par-ents, Mr. and Mrs. Peter O'Neill and his brother, the late Sheriff O'Neill, preceded him in death, several years ago. To mourn their loss are 5 chil-dren: Nora, Peter, John, Beatie and Paul O'Neill, who all live at home. He also survived by one brother, Thom-as O'Neill, of the C. H. & D. shops, and

five sisters, Mrs. P. J. Cunningham, Mrs. Mose Kelly, Mrs. Jno. S. O'Con-nor, Miss Margaret O'Neill, of this city, and Mrs. J. J. Collins, of Wapak-oneta.

The deceased was a member of the Catholic Knights of Ohio, and of Branch No. 1, Ancient Order of Hi-bernians. No definite arrangements for the funeral have been made. One sister, Mrs. Jno. S. O'Connor, who has been with her husband, in Europe for some time past, reached home this afternoon, but not in time to see her brother before he passed away.

Is Charged With Having Thrown a
Colored Woman Through a
Second-story Window.

The police are endeavoring to ap-prehend Ben Sawyer, a colored man, who is charged by Lulu Titus, also colored, with assault and battery. It is alleged that Sawyer, about 10 o'clock last night, entered the home of L. Harrison, on Central avenue, where the Titus woman is employed, and going to the room occupied by the latter, had some words with her and then threw her bodily out through a second story window. She was con-siderably bruised by the fall upon the ground but was not seriously injured.

See "What Townsend Has."

THE IDLER.

Prompt action on the part of those who go to the assistance of people overcome by the heat, will, in many instances, save lives. One of the phy-sicians at Huron street hospital, in Cleveland, said Thursday:

"First of all, it should be known which the patient is suffering from, sunstroke or heat prostration. This can be easily determined. If it is sunstroke, there will be a flushed ap-pearance to the face and the pulse will be strong. In prostration, the pulse is very weak, the action of the heart being slight. In either case a call for an ambulance and physician should be sent in as soon as possible. In case of sunstroke, place the vic-tim in the shade, where he can rest as easily as possible. Dash cold water in the face, and bathe the hands with it. Try to reduce the temperature as rapidly as possible. Stimulants should not be used except in extreme cases, where the patient shows signs of un-usual weakness. If there is prostration, give the pa-tient all the air possible. Open the clothes about the chest, and fan vig-orously. Do not attempt to reduce the temperature by the use of either ice or water."

Two up-to-date and neatly decorated U. S. mail wagons, furnished by Pal-mer and Owens, have gone into ser-vice between the local post office and depots. The new vehicles are of the approved screen wagon pattern, and are well made for the service for which they are intended.

The electrical engineers of the city were tendered passes over the Western Ohio yesterday, and last night they went to St. Marys to visit the power house there. They re-turned home this morning.

SAD

Case of a Deluded
Girl.

Left Her Home

To Marry a Man Who
Proved Untrue,

And Is Found in Lima Where
a Second Desertion
Occurred.

Judge Miller Learns Some Facts
Which May Result in the
Girl Being Restored to
Her Parents.

Probate Judge Miller has interested himself in trying to get at the bottom of a case which developed yesterday afternoon at a house occupied by a man named Green on east North street. The first inkling any of the authorities had was a call for a physi-cian, and he, in turn notified the in-firmity directors. The latter at once came to the conclusion that the girl who was at Green's was insane and turned the case over to Judge Miller.

It has since developed that the girl is Flossie Winchester, or at least that was her name before she was married, as she claims to have been, to a man named Watson. The judge has determined from an examination that the patient is not insane, but is suffering with St. Vitus dance brought about by a hysterical condition, caus-ed by a recent state of affairs in which she has been a deluded and ir-responsible victim.

According to her story, she was brought to Lima the last week in March from Toledo, having previously left her home in Conger, Michigan, to go with a man, whose name she is unable, or unwilling to give. She says she was first taken to Detroit, then to Toledo and finally to Lima,

where she was deserted the morning following their arrival.

She is 29 years of age and is the daughter of a well-to-do farmer, of Conger, who warned her that in the event of her marrying the man Wat-son, she need never return home. She went against parental advice, and shortly after wedding Watson, the latter went to Dakota, presumably for his health, and has not been heard from since. The girl has two sisters, Mrs. Jennie Fox, at Grand Rapids, Mich., and one, who is unmarried, still living at home. She says her father's name is Peter Fisher, who lives on a farm of 50 acres, and the name of Winchester is one merely used to hide her identity. The judge has communicated with the family and the girl will be taken care of at the infirmary until some word is re-ceived from the family. Judge Miller and physicians who have examined her, believe the girl to have brooded over her situation, as well as having knowledge of being in a delicate con-dition, and that she is not insane.

A meeting of vehicle owners was held last night for the purpose of in-augurating an organized movement against the enforcement of the new vehicle tax ordinance which was re-cently passed by the council at the request of the Board of Public Ser-vice. The meeting was held in the assembly room, at the court house, and most of the livery firms were re-presented and quite a number of other citizens were present. It was decid-ed that an appeal should be made to the city council, to repeal the ordi-nance, and a committee of about 12 citizens was appointed by the chair-man, I. N. Pangle, to visit the mem-bers of the council. In the event that the council refuses to repeal the or-dinance, the matter will be taken in to the courts. Messrs. O. F. Razor, S. G. Parks, and A. N. THE FOURTH AT McBETH PARK.

The management of McBeth's park are making great preparations for the entertainment of their visitors on the glorious Fourth. In addition to the fine vaudeville programme offered at the theatre, afternoon and evening the scenic railway, the laughing gal-tery, the pony track, the carousel, the dancing pavilion, where the Arion Trio will discourse sweet music from early morning till late at night, the boating, fishing, bowling and other amusements in which Lima's beauty spot abounds, there will be exhibi-ted in the evening, the grandest dis-play of fireworks ever touched off in Lima. Dana's band will fill the air with patriotic melody all day long, and every one will be made comfort-able and happy. Perhaps the most striking feature of the park to-mor-row, will be the enforcement of the rule that no fireworks, other than those displayed by the management, will be permitted on the grounds. This will insure a quiet, delightful day for those who desire to spend the anniversary of our independence in that manner, and make McBeth's park, the ideal place for a picnic or family gathering on the day.

IN A PROSPEROUS CONDITION.

The secretary of St. Paul's Luth-eran church, Mr. H. W. Neff, and the treasurer, Mr. I. S. Motter, have just made another payment of \$1,000 on the church property. The congrega-tion is in a prosperous condition and is steadily eliminating the debt.

IN NEW QUARTERS.

Frank A. Huffman, who has occu-pied room No. 204 in the Hollan block, has moved his office to the Times-Democrat building, second floor.
